EXPERIENCE

FRONT END WEB DEVELOPER

WPromote (New York City, NY)

November 2016 - Present

WPromote is a digital marketing agency that works with a wide variety of clients to expand and maximize each brand's potential in the digital landscape. Clients have included Klipsch Audio, Zenni Optical, and Weedmaps, among others.

- ⚡ Established a set of best practices for html email development that provides maximum compatibility among email service providers and email platforms.
- ⚡ Developed and tested new interactive elements for HTML email, while considering compatibility and providing fallback experiences for incompatible platforms.
- ⚡ Created Wordpress and Shopify websites, as well as static web pages that included interactive functionality written in Javascript.

FULL STACK WEB DEVELOPER

CART (Culver City, CA)

July 2016 - November 2016

Client Administration and Reporting Tool (CART) enables medical personnel to collect and analyze information related to ER visits. CART features a multi-tenant design, a user management system, custom form creator, graphical reporting, and a responsive design.

- ⚡ Implemented robust custom CMS/form capabilities with an AngularJS front end, featuring a variety of field types and validation options.
- ⚡ Constructed SQL queries to drive SVG-based charts and graphs.
- ⚡ Efficiently implemented a variety of full-stack features, including RESTful APIs with C# and ASP.NET Web API 2, server-side views with C# and ASP.NET MVC 5, and dynamic client-side interfaces with Ajax, JSON, JQuery and AngularJS.
